DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-16 are rejected under 35 U.S.C. 102(e) as being anticipated by Bowser et al. (Hereafter, Bowser) Pub. No.: U.S. 2002/0105529 A1.
3. Regarding claims 1 and 8, Bowser discloses a method for providing content in at least one electronic format to a distributed network (Abstract), said method comprising: providing the content in the at least one electronic format to a computer (Figure 1); capturing the content as an electronic file on the computer (Figure 1; and paragraph [0007]); providing indicia for identifying the electronic file in an electronic format to the computer, associating the identifying indicia with the electronic file (paragraph [0007]); converting the file to a format suitable for distribution over the distributed network (paragraph [0010] lines 12-18); and providing the file and associated identifying indicia to a server accessible over the distributed network (paragraphs [0012, 0013]).
4. Regarding claims 2 and 9, Bowser further discloses the content comprises a live video feed (paragraph [0009] lines 1-3).

Art Unit: 2143

5. Regarding claims 3 and 10, Bowser further discloses the identifying indicia comprises metadata including hypertext links (paragraph [0058]).

6. Regarding claims 4 and 11, Bowser further discloses the distributed network is the internet and the identifying indicia comprises metadata including hypertext links (paragraphs [0012 and 0058]).

7. Regarding claims 5 and 12, Bowser further discloses the content includes a live video feed and at least additional content in at least one additional format from the group including text, audio, or graphics [paragraph [0012]).

8. Regarding claims 6, and 13-15, Bowser further discloses the distributed network is the internet and the identifying indicia comprises metadata including hypertext links (paragraphs [0012 and 0058]).

9. Regarding claims 7 and 16, Bowser further discloses the content is a television news broadcast and includes information in video format and at least additional content in at least one additional format from the group including text, audio, or graphics (paragraph [0012 and 0013]).

Conclusion
